

EQ45 : Multi Feature Antenna

EQ45 Multi Feature Antenna

- 45 cm. design antenna
- Nedap OID (Orientation Independent Detection) technology
- Integrated signalization LED's
- Antenna systems for use with internal or external electronic units

Detection range^a / aisle width

- R50 label: 240 cm^b
- 4x4 tag: 180 cm^b

a. Effective rate of detection is influenced by the store environment and by the quality of the tags used.

b. Lower range with use of multiplexed electronics

Antenna options

- Quick release extension set
- Integrated Metal Detection
- Integrated Customer Counting
- Plastic covers available in RAL 7047 (white)

Specifications

- Frequency: 8,2 MHz
- Dimensions: 1663 x 495 x 90 mm
- Weight: 15 kg
- Temperature range: 0°C ... +45° C
- Reference: **CE**
